

## WEBINAR

# Navigating Improvements in Licensing and Innovation Collaborations

**Wednesday, 15 May 2024**  
**16:00 - 17:00 CET**

**Description:** Elevate your understanding of IP improvements in licensing and collaborations. Expert Ia Modin will guide you through best practices for managing and governing improvements and give hands on advice on how to structure, negotiate and draft terms to maximize commercialisation in licence and collaboration agreements.

**Speaker:** Ia Modin, partner at Gozzo Advokater, a Swedish boutique law firm, is an expert in the commercial exploitation of intellectual assets, specialising in commercial contract law, with a focus on innovation, industrial collaborations and commercialisation strategies.

Recognised for excellence in negotiating and drafting agreements for long-term strategic innovation partnerships, she represents international and domestic clients in a wide range of sectors, including life sciences companies and clients in the metals and mining industries.

Ia Modin is President of LES Scandinavia, and Co-Chair of the LESI CEEM (Chemicals Environment Energy and Materials) Committee.

## Registration

Participation in this Webinar is free of charge and for LES Members only.
